

# Policy Clarification- Medicaid - All PMA16980388

**Submitted:** 01/16/14

**Agency:** CAOs

**Subject:** Increase in Resource Limits for the Medicare Savings Program

**Question:** Are resource limits for the Medicare Savings Program (MSP) being increased in 2014?

---

**Response By:** Division of Health Services

**Date:** 01/17/14

Yes, resource limits for MSP, also known as Buy-In, increased effective January 1, 2014. The resource limit increased from \$7,080 to \$7,160 for one person and from \$10,620 to \$10,750 for two persons. This applies to QMBs, SLMBs and QI-1s. The QI-1 program has been extended through March 31, 2014.

The Buy-In Desk Guide will be updated with the new resource limits. The income limits on the Buy-In Desk Guide will be updated upon release of the 2014 Federal Poverty Income Guidelines.
