Did you know...that working pays?

That's right. As a working family, the federal government might owe you money, and you might qualify to have your taxes done for free. Pennsylvania also offers tax credits for low income workers – about one in four workers qualify for this program. It pays to work and to check out your options!

What is the Earned Income Credit?

The **Earned Income Credit** (also known as EIC or EITC) is a special tax benefit for working people who earn low or moderate incomes. It has several important purposes: to reduce the tax burden on these workers, to supplement wages and to provide a work incentive. Workers who qualify for the EIC and file a federal tax return can get back some or all of the federal tax that was taken out of their pay during the year. They may also get extra cash back from the IRS. Even workers whose earnings are too small to owe income tax can get the EIC. What's more, the EIC offsets any additional taxes workers may owe, such as payroll taxes. Remember to discuss EIC with your tax preparer.

Where can I get free help filing my taxes?

Volunteer Income Tax Assistance (VITA), a program of the IRS, helps you fill out your tax forms for free. VITA sites are open through April 15. **KEEP ALL OF YOUR REFUND.** VITA and the IRS can save you money on tax preparation fees. To find a VITA site near you, call the IRS at 1-800-829-1040. The telephone operator can find the location nearest you. Please be patient. The lines are often busy.

What is Tax Forgiveness?

Depending on your income and family size, you may qualify for a reduction in your tax liability with the state's Tax Forgiveness program. For example, a family of four can earn up to \$34,250 and may qualify under the state's Tax Forgiveness program. A single-parent, two-child family with income up to \$27,750 may qualify under the state's Tax Forgiveness program. Contact the Department of Revenue at 717-787-8201, or visit www.revenue.state.pa.us for more information about the Tax Forgiveness program.
