Subject: MIPPA Files and Residence

What do we do with an individual that is on our county's MIPPA file but is no longer active in our county and the address in the file is in another county ?

Response By: Division of Health Services

Date: 07/01/10

When an individual in the MIPPA file is no longer active in your county and the address in the file is in another county, contact the county of residence and provide the county with the information in the file so they can process the individual appropriately
