Subject: Revised Tracking Form for Married HCBS Applicants

Should CAOs continue submitting the quarterly tracking form as indicated in OPS 060603?

Response By: Division of Health Services

Yes, this information is still needed to assess the impact of Spousal Impoverishment policy on married applicants for and consumers of Home and Community-Based Services (HCBS). However, the tracking form as originally provided in Attachment I of OPS060603 is not appropriate for ongoing use. The form has been revised to allow for additional relevant information. Please see link below. This form replaces the Attachment I of OPS 060603, and should be used for the next quarterly report, which is due October 15, 2008.
