Instructions

- Submit copies of both front and back of alien's original documentation.
- Make certain a complete return address has been entered in the "From" portion of the form.
- The Alien Registration Number ("A" Number) is the letter "A" followed by a series of (7) or (8) digits. Also in this block may be recorded the number found on Form I-94. (Check the front and back of the I-94 document and if the "A" Number appears, record that number when requesting information instead of the longer admission number as the "A" Number refers to the most integral record available.)
- If Form G-845 is submitted without copies of applicant's original documentation, it will be returned to the submitting agency without any action taken.
- Address this verification request to the local office of the Immigration and Naturalization Service.
