Subject: **Income Limits for the MG 90 N Category**

Question: What are the income limits for the MG 90 N category introduced with the FMAP initiative implementation?

Response By: Division of Health Services

Date: 3/29/16

The income limits for ONLY the MG 90 N category are located in the table below and are referred to as Enhanced MNO. These income limits are fixed dollar amounts and do not change from year to year. The Enhanced MNO income limits are used for MG 90 N eligibility determinations for individuals age 19 and 20 only. Regular MNO income limits used for SSI, TANF, and GA-related MNO eligibility determinations have not changed.

Individuals	Enhanced MNO
