Subject: No MG 91 and MG 90 Eligibility for Individuals Entitled to Medicare

Question: Is an individual entitled to but not enrolled in Medicare eligible for Medical Assistance (MA) in either MG 91 or MG 90 categories?

Response By: Division of Health Services

Date:06/07/16

No. An individual entitled to Medicare Part A or Part B is not eligible for MG 91 or MG 90. If an individual has refused or withdrawn from Medicare Part B, they should still be considered as entitled and receiving Medicare. The CAO must check all three boxes next to the Medicare entitlement, Medicare Part A recipient, and Medicare Part B recipient questions on the Individual Attributes screen in eCIS.
