Subject: Resource Limits for SNAP Households

Question:

What are the current SNAP resource limits for Households that are not Expanded Categorically Eligible? SNAP HB 540 shows \$2,250 & \$3,250 but the system and FNS.USDA.gov show different amounts.

If there was a change, when was it effected?

Response By: Division of Family Assistance

Please see the chart below for a summary of household resource limits:

Household Type	Income Limit	Resource Limit
Households having an Elderly /Disabled member	200% FPIG	No Limit
No Elderly (age 60 or older)/ Disabled member <u>and</u> no member sanctioned or disqualified	160% FPIG	No Limit
Households with a disqualified or sanctioned member	130% FPIG	\$2,250
Households with a disqualified or sanctioned member <u>and</u> an Elderly /Disabled member	100% FPIG (net test)	\$3,500*

Households having an Elderly /Disabled member with income above 200% FPIG	100% FPIG (net test)	\$3,500*
---	----------------------	-----------------

* The change from **\$3,250** to **\$3,500** was implemented October 1, **2017** as a result of the **annual Mass Grant Change**.

NOTE: This includes households with only one member.
