## PO 17680-910

**Submitted:** 8/18/15

**Agency:** CAOs

**Subject:** MA Overpayment and Family Planning Services (FPS)

**Question:**

When determining whether a client is eligible for any MA category, will eligibility for the Family Planning Services (FPS) program preclude the need for an MA overpayment referral?

**Response By:** Division of Health Services

**Date:** 8/25/15

Yes, if you are reviewing a possible overpayment for the existing category of MA and determine that the individual would qualify for FPS, then partial overpayment information is entered in ARRC but not referred to OIG. Narrate in detail.
