Dear

This is to notify you that you currently remain eligible for Medicaid. You were notified by the Social Security Administration (SSA) that your Supplemental Security Income (SSI) has ended because of eligibility for, or an increase in Title II Social Security benefits. This will not affect your eligibility for Medicaid right now. However, your County Assistance Office (CAO) needs to review your case. You may continue to remain eligible for Medicaid benefits due to your Social Security status as a Disabled Adult Child (DAC).

Other factors may affect your eligibility for Medicaid. Therefore, your caseworker will need to review your Medicaid case. Because of your DAC status, your Medicaid will continue until _____. During this time, your caseworker will review your Medicaid case to determine whether you are eligible for continued Medicaid benefits. Your caseworker may need to contact you and request information about your circumstances in order to determine eligibility for Medicaid. Your caseworker needs to know about other factors, including, medical insurance, income and resources.

Please remember to contact your CAO if;

- You need an ACCESS card.
- You have questions about your Medicaid eligibility.
- You have a change in income other than your Social Security (such as employment or pension.)
- You have a change in resources such as bank accounts.
- You move. Your caseworker needs your new address.

***Remember:** Always mention that you receive Social Security Disabled Adult Child benefits when you contact the CAO. This helps your caseworker determine Medicaid eligibility.*

Sincerely,

County Assistance Office Signature
