42c - Treatment of Residents

1. Requirements

2600.

42.c. A resident shall be treated with dignity and respect.

Description of Violation

On the morning of 7/24/22, staff person B found resident #1 on the floor of bedroom. was semiconscious and moving in a way that staff person B described as unusual. Staff persons A, B, and C responded to the incident. Staff persons A and B reported that staff person C was loud and demanding. Staff person C also questioned the need to call emergency services since resident #1 refused to go to the emergency room previously. During the incident, resident #1 told staff person C and not have to yell at the staff.

Plan of Correction

Directed

Implemented

Staff member C was immediately suspended pending an internal investigation. Staff member C is no longer employed at community.

All staff will be re-educated on resident rights, with focus on regulation 2600.42c (dignity and respect) by Executive Director (ED) by 9/21/22. Documentation will be kept.

On-going ED/Designee will train all staff on Resident Rights, monthly X 3, then yearly thereafter as part of the mandatory annual in-service program. All new employees will be trained on resident rights upon hire. Documentation will be kept.

Executive Director/designee will interview 4 residents a month to ask if they are being treated with respect and dignity for 3 months, then 2 residents a month for 2 months. Documentation will be kept. (DIRECTED: The resident interviews shall begin within 10 calendar days of receipt of the plan of correction. LM 9/26/22). Documentation will be presented and reviewed at monthly QI meetings.

Completion Date: 09/23/2022

185a - Implement Storage Procedures

1. Requirements

2600.

185.a. The home shall develop and implement procedures for the safe storage, access, security, distribution and use of medications and medical equipment by trained staff persons.

43077

185a - Implement Storage Procedures (continued)

Description of Violation

Resident #1's glucometer is not set to the current date and time.

Plan of Correction

Resident #1's glucometer was set to current date and time.

All med passers will be re-trained by Director of Nursing (DON)/Designee on regulation 2600.185a with focus on glucometer procedures and storage by 9/21/22. Documentation will be kept.

All glucometers were checked by DON on 9/14/22 to assure correct date and time are set on each.

DON/Designee will check all glucometers for correct date and time weekly X 3, then monthly when doing cart audits. Documentation will be kept.

Documentation will be presented and reviewed at monthly QI meetings. The QI committee will determine if additional auditing is necessary based on these audits.
