Subject: Information on IEVS Exchange 10

Is the information received from the NCIC (National Crime Information Center) or FBI on IEVS Exchange 10 current? Can we use the information as verified upon receipt as stated in Chapter 13 of the IEVS Manual?

No, the information from NCIC on IEVS Exchange 10 Information is strictly historical information. It may or may not be currently accurate and should not be considered verified upon receipt. DPW has not received updated information from NCIC for several years.

Currently, no information received on IEVS Exchange 10 from any of the data sources should be considered as verified upon receipt. The information may only be used as a lead to help the IMCW identify the possibility of past or current criminal history.

With this policy clarification, PCA 11318-178/PMA 11318-378/PFS 11318-578 is obsolete.

Handbook chapters and the IEVS/SAVE/PACSES Desk Guide will be updated accordingly.
