

Policy Clarification-SNAP PFS-18760-504

Submitted: 12/17 Agency: CAOs

Subject: Supplemental Nutrition Assistance Program (SNAP) and Hurricanes Irma and Maria Guidance

Question:

Is the policy and procedure outlined in OPS 17-10-02 regarding individuals who were impacted by Hurricanes Irma and Maria still in effect?

Response By: Division of Federal Programs and Program Management

Date: 12/4/2017

No. We have received additional information from FNS that the policy for Hurricane Irma and Maria evacuees has not been extended past November 30, 2017 **at this time**.

Any application received between October 1, 2017, and November 30, 2017, must follow the procedure outlined in OPS 17-10-02.

Any application received on or after December 1, 2017, will follow standard SNAP procedures.

The weekly report that details displaced NAP households that have applied for SNAP must continue to be submitted until all applications from October and November have been processed.
